

# FANTASY INTO REALITY

*With Mary Elizabeth Thunder*

*At Starlight Ridge*

*Saturday, January 16<sup>th</sup> 10 am to 5 pm*

*Fantasy into Reality is about creation and Manifestation...bringing your dreams and fantasies into your working reality. It is about following your heart wherever it may lead you...breaking out of old limitations, fears, structures and beliefs that no longer serve.*

*One's greatest reality often emerges as a wonderful daydream or fantasy. What if our fantasies are really Great Spirit tapping our shoulders, inviting us into aliveness and to participate fully in living the creative process? What if, instead of dismissing these divine intuitions, we choose to embrace them and create a new reality?*

*Join Thunder as she shares lessons, teachings and initiations from different Native American, Tibetan, & Eastern Teachers that have touched her life and her own experience on the road.*

*Part of the creative fun of this day is the creation of a beautiful mandala, a visual and conceptual image of your soul/spirit's desire, one that you will take with you and which will continue to be a focus to enable you to bring your dream into reality.*

*Investment to you \$99 (a light lunch will be served. For more information or to register call Rose Alisandre @501-772-1551*
